### DETAILED ACTION

1. The following is a Notice of Allowability in response to the Amendment received on 13 September 2006. Claims 1, 3 and 4 have been amended. Claim 5 has been added. Claims 1-5 are now pending in this application.

### REASONS FOR ALLOWANCE

2. Claims 1-5 are allowed.

3. The following is an examiner's statement of reasons for allowance:

As per claim 1, the prior art of record taken alone or in combination fails to teach a station control computation device, in which the functions of a local control system and at least one process control device and at least one protective device are integrated with a result that no dedicated process control device and no dedicated protection device are present in the arrangement for controlling and monitoring the switchgear assembly.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

*Conclusion*

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
